A second player can join at any time.

Player's view is dependent upon his position in the maze.

Players must overcome the Master Xybot who stands at ready every few levels.

Supplies can be obtained at the end of each level.

Pick up coins to purchase supplies.

Join Major Rock Hardy and Captain Ace Gorn on their quest to overcome the Master Xybot and his horde of evil robotic monsters.

Xybots is a one- or two-player game with a continuous bar-in feature allowing players to join in at any time. A color-coded control panel and game character allows for instant identification by players. Each player controls a special joystick and two buttons. The joystick is eight-way directional with an independent turning knob for left and right turns. Master buttons, located on either side of the joystick, are used to fire upon the many evil Xybots found in the maze. The center zap button is used to stun all opponents within the players view.

The huge underground, multi-level city created

by the Xybots is composed of connect different areas doors and transporters to connect different areas of the same level. Players must battle the Xybots and reach the exit elevator to advance to the next level. In the mazes, players find energy pods to restore energy, keys to open doors and coins to buy valuable supplies in the store where supplies each level, players enter the store where supplies can be purchased. Some supplies are permanent, others are only temporary and must be replenished.

Every few levels players must face the master Xybot in a one-on-one duel. Only by defeating the master Xybot can players advance to the next level. The penalty for losing is to be sent back a few levels.
